

# IERASG 2021

XXVII International Evoked Response  
Audiometry Study Group  
Biennial Symposium

*online conference*  
14<sup>th</sup> June – 9<sup>th</sup> July 2021

## INVITATION

<https://ierasg21.com>

**It is our great pleasure** to invite you all to our biennial **Symposium of the International Evoked Response Audiometry Study Group (IERASG)**, which will be held online over a period of four weeks, starting **14<sup>th</sup> of June 2021!**

Due to the continuing spread of the COVID virus and the impossibility of providing a safe travel and face to face meeting for our attendees, the IERASG Council has decided to hold our Symposium in an entirely online format.

We surely will miss the excitement of meeting in person with colleagues and friends from all over the world! But we believe that this is the only viable option for us at this time. **Our planned 2021 IERASG meeting in Cologne Germany will be held in the summer of 2023!**

**Please see attached the invitation postcard for the Symposium.**

Through numerous live contributions by internationally renowned speakers, live chats and live discussions, it will be a lively symposium that enables a scientific exchange even in these difficult times. **The registration of students will be free and we will offer several student awards for the best presentations!**

We encourage the participation of students from diverse backgrounds working in all areas of auditory evoked responses.

**Important dates:**

**Registration open: 20<sup>th</sup> Jan 2021**

**Abstract end date: 30<sup>th</sup> March 2021**

Please distribute this invitation among colleagues and students at your organization/institution!

On behalf of all IERASG council members we wish you all the best in these difficult times and look forward to your participation and a lively scientific exchange at our online Symposium next year!

Yours, Martin Walger and Mridula Sharma (co-Chairs)

Martin Walger (Cologne, Germany)

Mridula Sharma (Sydney, Australia)
