

Population Hearing Healthcare meeting

Mission: To bring together scientists from around the world who are interested in working with large datasets to address critical issues in hearing health care that cannot be addressed using small sample sizes. A secondary goal was to combine/share data as well as work toward agreed definitions and methods so that converging evidence could be identified across studies.

Date: Wednesday February 27, 2019

Time: 1:00-6:30 pm

Venue: Exeter Room, Embassy Suites by Hilton Scottsdale Resort, Scottsdale

Registration is now open and is \$55. Please contact Michelle Arnold (mlarnold@sar.usf.edu) to register.
